**PRODUCT SUITABILITY**

**WHO IS THE PRODUCT SUITABLE FOR?**

- The actively managed Sub-Fund is only suitable for investors who:
  - wish to invest in a broadly diversified portfolio comprising first-class money market instruments and securities with short residual maturities or variable yields and high liquidity; and
  - wish to invest in a sub-fund which promotes environmental and/or social characteristics.

**You should consult your financial advisers if in doubt whether this product is suitable for you.**

Further Information  
Refer to the “Investment Objectives and Policies” section (Para 5.6) of the Singapore Prospectus for further information on product suitability.

**KEY PRODUCT FEATURES**

**WHAT ARE YOU INVESTING IN?**

- You are investing in a sub-fund of the Fund, an open-ended investment fund without legally independent status constituted in the form of a FCP under Luxembourg laws, that invests in a diversified portfolio comprising first-class money market instruments and securities with short residual maturities or variable yields and high liquidity.
- The Fund pursues the primary investment objective of preserving the value of the funds invested and generating an increase in value in line with money market interest rates.
- The currency of denomination of the Sub-Fund is the Euro.
- The Unit Classes with “-acc” in their name are accumulating Unit Classes and the income thereof is reinvested and not distributed unless the Management Company decides otherwise.

Refer to the “The Fund”, “The Sub-Funds”, “Investment Objective and Policies” and “Other Material Information” sections (Paras 1, 2, 5 and 19.1) of the Singapore Prospectus for further information on features of the product.

<sup>1</sup> The Singapore Prospectus is available for collection during normal business hours from UBS Asset Management (Singapore) Ltd. 9 Penang Road, Singapore 238459 or any Approved Singapore Distributor.

<sup>2</sup> Inception date for the P-acc Unit Classes (being the earliest incepted Unit Classes available to investors under the Singapore Prospectus).

<sup>3</sup> Provided for available Unit Classes incepted before 31 October 2022. Please refer to the Singapore Prospectus for the specific expense ratio of such Unit Class.

Investment Strategy	
<ul style="list-style-type: none"> <li>• The Sub-Fund is a money market fund as defined by Regulation (EU) 2017/1131 of the European Parliament and of the Council of 14 June 2017 on money market funds (the “<b>Money Market Funds (MMFs) Regulation</b>”).</li> <li>• The Sub-Fund invests exclusively in instruments from issuers with first-class ratings, from an approved list of instruments that have been vetted by a team of independent credit analysts.</li> <li>• The Sub-Fund is a standard money market fund with a variable net asset value, also known as a VNAV money market fund.</li> <li>• Pursuant to the MMFs Regulation, the entire Sub-Fund portfolio must comply on an ongoing basis with all of the requirements, including relevant derivative financial instruments and sight, term and time deposits with banks, and in accordance with the investment principles as set out in the Singapore Prospectus.</li> <li>• The Sub-Fund shall not undertake any of the following activities: investing in assets other than those referred to above, short-selling money market instruments, securitisations, ABCPs and units or shares of other money market funds, taking direct or indirect exposure to equity or commodities, including via derivatives, certificates representing them, indices based on them, or any other means or instrument that would give an exposure to them, entering into securities lending agreements or securities borrowing agreements, or any other agreement that would encumber the assets of the money market fund, borrowing and lending cash.</li> <li>• The Sub-Fund may, subject to the investment restrictions and principles as set out in the Singapore Prospectus, buy and sell futures and options on financial instruments and conduct transactions involving options and money market instruments for hedging purposes.</li> <li>• The Sub-Fund invests at least two thirds of its net assets in the currency listed in its name. It may invest up to a maximum of one-third of its net assets in other currencies, however, the part of the portfolio which is not invested in the respective currency of account must be hedged against the currency risk.</li> <li>• The Sub-Fund may invest up to 10% of its net assets in existing money market funds, unless otherwise defined in the individual sub-fund’s investment policy.</li> <li>• <b>The Sub-Fund may invest in financial derivative instruments for hedging purposes, to the extent permitted under the Luxembourg laws.</b></li> </ul>	<p>Refer to the “Investment Objective and Policies” section (Para 5) of the Singapore Prospectus for further information on the investment policy, investment principles and investment restrictions of the Sub-Fund.</p>
