KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in a sub-fund of an open-ended investment company with variable capital organised under the laws of Ireland. The Fund is authorised by the Central Bank as an LVNAV Fund pursuant to the MMF Regulations.
- The investment objective of the Fund is to invest in a diversified range of short-term instruments with the aim of maintaining capital value and liquidity whilst producing a return to the investor in line with money market rates.
- In a Normal Market Environment, dealings in Shares will be processed at the last calculated NAV per Share and Constant NAV will be used. In a Stressed Market Environment, dealings in Shares will be processed at the next calculated NAV per Share and Market Price NAV will be used.
- Accumulating Shares do not distribute income. Dividends will be distributed (in cash or as additional Shares) for Flex Distributing Shares on each Business Day. While the Company will attempt to stabilise the NAV of the Flex Distributing Shares at the initial subscription price, this cannot be guaranteed. Distributions made will normally reduce the NAV of the Fund.

Refer to "Investment objective and other considerations" and "Distribution policy" in the Prospectus for further information on the features and distribution policy of the Fund.

¹ The latest Prospectus and Product Highlights Sheet are available at www.fidelity.com.sg and from the Singapore Representative.

² Figures relate to Classes that have been incepted as at the stated date. For Classes incepted for less than a year, figures are calculated from the relevant inception date and annualised.

Investment Strategy

- The Investment Manager believes that its investment practices will enable the Fund to achieve its stated policy although this cannot be guaranteed. The Fund shall invest in accordance with the policies outlined in the section below entitled “Permitted Investments”.
- The Fund promotes environmental and social characteristics by aiming to achieve an ESG score of its portfolio greater than that of its investment universe. In addition, through the investment management process, the Investment Manager aims to ensure that investee companies follow good governance practices. For more information, please see the section of the Irish Prospectus entitled “Sustainable Investing and ESG Integration” and in the Sustainability Annex. The Fund is subject to the disclosure requirements of article 8 of the SFDR (i.e. it promotes environmental and/or social characteristics).

Permitted Investments

KEY RISKS

WHAT ARE THE KEY RISKS OF THIS INVESTMENT?

Investment involves risk. The value of the Fund and its dividends (if any) may rise or fall. These risk factors, among others, may cause you to lose some or all of your investment (including your principal invested).

Refer to “Risk factors” in the Prospectus for further information on the risks of the Fund.

Market and Credit Risks

You are exposed to market risk.

- In adverse market conditions, the Fund’s investments may yield zero or negative returns which may impact the Fund’s return and result in negative investment income.

You are exposed to credit risk.

- The Fund’s investments may be adversely affected if any institutions with which the Fund’s money is deposited suffers insolvency or other financial difficulties.

Liquidity Risks

The Fund is not listed and you can redeem only on Dealing Days.

- There is no secondary market for the Fund. All redemption requests should be made to the Manager and/or the relevant Sub-Distributor.

You are exposed to liquidity risk.

- Investments may be sold if there is insufficient cash for redemptions. If the size of the disposals is sufficiently large, or the market is illiquid, the investments might not be sold or the price at which they are sold may adversely affect the Fund’s NAV.

Product-Specific Risks

You are exposed to risks of investing in money market instruments.

- The Shares are not deposits or obligations of, or guaranteed or endorsed by, any bank and the amount invested in Shares may fluctuate up and/or down.

You are exposed to pricing and valuation risk.

- Amortised method of calculation differs from market prices or mark-to-model prices. Mark-to-model process also involves assumptions and subjectivity.

You are exposed to counterparty risk.

- There is a risk of loss if a counterparty fails to perform its financial or other obligations to the Fund.

You are exposed to risks of investing in fixed income securities.

- Investment in fixed income securities is subject to interest rate, sector, security and credit risks.

You are exposed to LVNAV risk.

- In a Stressed Market Environment, the Market Price NAV will be used for dealing in Shares instead of Constant NAV.

You are exposed to sustainable investing risk.

- The Fund may underperform the market or other funds that do not apply sustainability criteria.

FEES & CHARGES

WHAT ARE THE FEES AND CHARGES OF THIS INVESTMENT?

Payable directly by you

- You will need to pay the following fees and charges. Subscriptions through any financial adviser / intermediary may incur additional fees and charges.

Refer to “Fees and charges” in the Prospectus for further information on fees and charges.

Class R Shares: Currently NIL. All other Classes: Currently up to 0.25%. Maximum for all Classes: 1%. All Classes: (a) 100% of the Manager's fee. (b) 0% of the Manager's fee.
---	---

³ Your financial adviser must disclose to you the amount of any trailer fee it receives from the Manager.

VALUATIONS AND EXITING FROM THIS INVESTMENT

HOW OFTEN ARE VALUATIONS AVAILABLE?

The up-to-date subscription and redemption prices, as well as the difference between Constant NAV and Market Price NAV, in respect of each Dealing Day, will be published on each Settlement Day on <https://www.fidelity.ie/liquidity-funds>.

HOW CAN YOU EXIT FROM THIS INVESTMENT AND WHAT ARE THE RISKS AND COSTS IN DOING SO?

- You can exit the Fund at any time by writing to the Manager and/or the relevant Sub-Distributor. Currently, no redemption fee will be applied.
- The Fund does not offer a cancellation period but you may check with your financial adviser / intermediary on whether it offers one without incurring the initial fee.
- You will generally receive the redemption proceeds on the Business Day following the relevant Settlement Day, subject to any differences in operating hours due to time zone differences.
- Your redemption price is determined as follows:
 - In a Normal Market Environment, if you submit the redemption order by 21:00 (Irish time) on a Business Day, you will be paid a price based on the last calculated NAV per Share. Orders received after 21:00 (Irish time), will be treated as having been received on the next Dealing Day.
 - In a Stressed Market Environment, (i) if you submit the redemption order by 13:00 (Irish time) on a Business Day, you will be paid a price based on the next calculated NAV per Share on the same Dealing Day; and (ii) if you submit the redemption order after 13:00 (Irish time) and by 20:00 (Irish time) on a Business Day, you will be paid a price based on the next calculated NAV per Share. Orders submitted after 20:00 (Irish time), will be treated as having been received on the next Dealing Day.
 - Your intermediary may have an earlier dealing cut-off time.
- The redemption proceeds that you will receive will be the NAV per Share multiplied by the number of Shares redeemed, less any charges. An example (assuming no redemption fee) is as follows:

Refer to “Obtaining price information” and “Redemption of Shares” in the Prospectus for further information on valuation and exiting from the Fund.

1,000 Shares Redemption request	×	USD1 NAV per Share	=	USD1,000 Gross redemption proceeds
USD1,000 Gross redemption proceeds	–	USD0 Redemption fee (0%)	=	USD1,000 Net redemption proceeds
